AC Communication – FOIA Exempt

FYI – message from Jenny Chambers, MDEQ Remediation Division Administrator.

Tom Livers is the DEQ Director; Tracy Stone-Manning is the Governor's chief of staff; Haley Beaudry is the CFAC spokesman.

Sounds as if the State is still on board with moving forward and CFAC might be interested in bringing ARCO along.

Rob

Rob — Yesterday, Tom Livers and I meet briefly meet with Tracy Stone-Manning, Senator Dee Brown and Haley Beaudry. Meeting was set-up by Senator Dee Brown and it was a quick meeting to discuss process and proposed NPL listing. Nothing on the decision or approach has changed, but we committed to provide Haley with some contact information which you can see below. -- Jenny

Subject: CFAC

Haley –

As follow-up information from yesterday this email provides contact information on CFAC. EPA has taken the lead regarding this site with the decision to support moving forward with the proposed listing. As discussed, EPA would be your primary contact for an AOC or other options to run concurrently.

For DEQ – Once the site is proposed, coordination will fall to our Federal Superfund Bureau. Tom Stoops is the Bureau Chief and best point of contact until we assigned project manager for the site. Tom can be reached at 444-6445 or tstoops@mt.gov. I am also available for any assistance, my contact information is below.

You had requested, a recent contact name for ARCO. Patricia Gallery is the Remediation lead manager for other Montana site related activities. I am not sure if she would be the right person to directly work with on CFAC, but she may be able to provide assistance. Here is her contact information:

Patricia Gallery
Portfolio Manager - OBC
Remediation Management Function

Atlantic Richfield Company
(a BP Affiliated Company)
201 Helios Way
6.376A
Houston, TX 77079

Direct (713) 323 0654
Cell (630) 333 6388
email patricia.gallery@bp.com

I hope this information is helpful and let me know if anything else is needed –
Jenny
